Responsible Care®

## SPECIFICATIONS OF THE PRODUCT

NO.	TEST	SPECIFICATION
01	Assay	99.8% Min.
02	Rapid Test	Clear to Slight Turbid
03	Colour	20 APHA Max. (After Filtration)
04	Moisture	0.1% Max.
05	PH	7.0-9.5
06	Ash Content	0.01%Max.
07	Appearance	White Crystalline Powder

### APPLICATIONS:

#### Laminates

For table tops, kitchen shelves, platforms, wall cladding, bus bodies, interior of railway coaches, counters, deckings and instrument panels

#### Consumer Moulded Goods

Bowls, trays, spatulas, mixer's base, crockery, cutlery items, launderable buttons and lamp shades

#### Adhesives

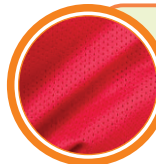

Melamine adhesives from Melamine resins are extra strong, extra tough, highly water resistant and colourless (veneered doors)

#### Treatment Resin for Paper

For currencies, toilet paper, facial tissues, shopping and shipping bags, map papers, food wrappers and photographic paper

#### Melamine Resin for Textile Auxiliaries

For providing anti-crease treatment to cotton and other fabrics

#### Resin for Lacquer Paints

For motorcars, refrigerator cabinets, washing machines, kitchen equipment, typewriters and water heaters

#### Leather Chemicals

MF resins act as pre-tanning agents

#### Industrial Moulded Goods

Circuit breakers, television tube support, automotive ignition components, washing machines, agitators, soda fountain parts, switch gears, switch housings, connector plus inserts, wattmeter terminal block, junction boxes, fuse carriers and plating tanks
